Cranwell Voted Best For Meetings

By: Staff Reports On: 08-19-2010 12:52PM

LENOX, Mass. If you're meeting on the East Coast, Cranwell's the place to go.

That's according to Meetings East Magazine, a leading conference planners publication, which gave Cranwell Resort, Spa and Golf Club its Best of the East Award, the fourth time the resort has been honored with this distinction.

Readers of Meetings East vote annually for their favorite meeting properties on the East Coast based on the following criteria: quality of the meeting space; guest rooms; guest services and amenities; food and beverage service; high-tech services and equipment; recreational facilities and activities; the efficiency and helpfulness of staff; and overall value and experience.

Cranwell has long been a favorite destination for a wide variety of meetings and events for up 200 guests; it recently hosted the annual meeting of the Massachusetts Governors Association and is also used for such social events as proms and weddings.

We can attest to the to lovely atmosphere and dining at the resort, having attended our share of (but not enough) weddings, meetings and dinners in its beautifully appointed dining rooms.

The resort features 15,000 square feet of event space including a spacious ballroom with panoramic hilltop views and a board room in an historic Gilded Age
